Notice To Purchasers.

GUARANTEE

. . . . All stock is sold and warranted true to name on the sole and express condition, that should any prove untrue, it will either be replaced with the genuine variety, or purchase price refunded.

REMITTANCES

. . . . Can be sent by Express Money Order, Post-Office Orders, Registered Letters or Draft on Chicago or New York. Private checks cannot be received at par, as they cost an average of 25 cents to collect.

PRICES AND QUANTITIES

. . . . Our prices will be found upon examination to be about as low as reliable stock can be offered at. Prices, except noted, are for first-class stock. Rates on larger quantities than herein quoted will be given on application—50 furnished at 100 rate, 500 at 1,000. Long, specified lists are subject to special prices.

ORDERS

. . . . Write separate from letter. State : 1—Variety, number, size, or age of stock. 2—Mode of shipment—express or freight. 3—Write your name and address plainly. Shipping generally begins March 1. Benton Harbor is a great shipping point, thus affording competition in rates. The express companies here are the Adams and American.

PACKING

. . . . All articles will be carefully labeled and packed in moss, with special care taken to have goods arrive in the best condition—no charge being made for boxes, packing or cartage. In all cases we pack goods in good order, take the Express or Railway company's receipt for them, and then our responsibility ceases.

. . . . All plants and trees grown on virgin soil and free from disease. For choice trees and plants, carefully selected, reared and properly packed, at reasonable rates, we solicit correspondence, and believe we can please any intelligent grower.

. . . . Our money is invested in the propogation of plants and trees and not in expensive catalogues and advertising.
When trees and plants are received, dip in water, then bury the roots in moist shady ground until planted.

APPLES.

TWO AND THREE YEARS.
